1. If you are using a non-raveling fabric such as micro-fleece, cut 4 Uppers, 2 Soles, and 2 Back Heel A pieces.

If you are using a fabric that will unravel, such as a woven, cut 4 Uppers, 2 or 4 Soles, and 2 Back Heel B pieces. Skip to 2*.

2. Turn under the straight edge of the Back Heel A piece and stitch to form a 1/4" casing. Using a tiny safety pin or bodkin, thread the elastic through the casing. Stitch across the ends to secure them. Trim off excess corners.

2*. Fold each Back Heel B piece in half along the foldline. Stitch along the straight folded edge 1/4" in from the fold edge to form a casing. Thread the elastic through the casing, secure the ends.

3. Pin the Back Heel piece to one Upper, right sides together, elasticized edges toward the center. Place the second Upper piece on top of the Back Heel piece, right side down.

4. Stitch across the straight edge (1/4" seam allowance). Turn to the right sides.

5. Mark the center front and back on the Upper and the Sole pieces. Place right sides together, matching center markings. Pin.

6. Stitch all around the edge with a zigzag stitch. Let the right side of the zigzag go off the edge to give a slight rolled hem effect. This makes a minimal seam allowance that will be more comfortable for the baby and also a cleaner edge.

Turn the 3-Seam Baby Footies to the right side.
